Trending Interview Question Tips

Tell me about yourself.
- Maintain a professional demeanor and highlight your unique qualities as a candidate
- Provide a concise response with references to the past, present, and future

Why is there a gap in your employment?
- Be truthful and keep it concise
- Mention how you have stayed up-to-date in your field - through certifications, courses, community work, etc.

Why did you leave your last job? Alternatively, what qualities are you looking for in your next job?
- Maintain a positive atmosphere and concentrate on professional development
- Avoid discussing complaints

Are you interviewing with other companies?
- Approach the situation with tactfulness
- Emphasize how well-suited you are for the position within their company

What are your salary expectations?
- Investigate the salary range for the role
- Match your salary expectations with your level of experience

What projects do you want to work on?
- Display your understanding of the role
- Illustrate your potential contributions to the company and explain how you can be an asset to the team

How do you handle ambiguity?
- Show how you handle tasks with minimal information
- Share an experience of successfully pivoting during a project by showcasing adaptability

Are you comfortable with hybrid work?
- Prioritize understanding your needs thoroughly before replying, and communicate what you require instead of guessing what others want to hear.

Have you utilized artificial intelligence (AI)? Alternatively. what are your thoughts on diversity, equity, and inclusion?
- Connect either subject to its significance in the role

What motivates you?
- Provide a response that clarifies to the employer the support you require to excel in your role
